1. Read the passage given below and complete the sentences that follow by choosing the most appropriate options from those given:

Travelling is a pleasure particularly for the young. The desire to see new places and get the feel of a new environment makes travel a wonderful experience. But do we make it trouble-free for others?

P.T.O.
Don’t start a conversation with a co-passenger without first knowing his willingness to converse with you. He/she might like to read or have a nap and not necessarily be in a mood to talk.

Place your baggage in the rack above your seat. Don’t encroach upon another’s space. Also wait till the plane bus/train comes to a stop to pull your luggage out.

Be eco-friendly. Remember that place where you stand had been visited and has to be visited by thousands more. Carry a plastic bag for waste on sight seeing trips; you can empty it later in a dustbin. “Sustainable Tourism” is the only way to protect the resource and beauty of the earth.

If you want to enjoy the hospitality of friends or relatives residing in the place you visit, inform them in advance. Don’t drop in like bolt from the blue.

Be considerable towards your hosts. Help your host/hostess in domestic chores. Go on sight-seeing trips without troubling them to come to your help. Use your own toiletries and towels. Use the telephone of your host sparingly and only when necessary. Don’t interfere in their domestic affairs unless you are asked to join. Don’t expect your host to attend to your needs all the time.

At present, there are 38 white tigers in the world, out of which 24 are in India.

The white tiger is a magnificent animal. It has snow-white coat with brown or ash-coloured strips and is larger than a normal tiger. About 10 years ago, it was reported that there are light-coloured tigers in the forests of Assam, Bengal, and Bihar, but they were not truly white tigers.
